**VALENCIA, SPAIN** 

**CORTEVA™** 

		-29, 2022		ORTEVA riscience
	Time	Duration	DAY 1: TUESDAY, APRIL Activity	26, 2022  Details
	7:00am to 4:00pm 2:00pm to 6:00pm	8 hrs 4 hrs	Expo Set Up  FIELD TOUR: Probelte Vineyard Farmer and Wine-Tasting	<b>5</b> Probelte
	6:00pm to 7:00pm	1 hr	Business Matchmaking Plaza Welcome Reception and Opening of Expo Hall	Start Ups and Investors Gathering
	7:00pm to 9:00pm	2 hrs	by Representative of Government of Valencia, Idai Nature (Global Partner), Probelte (Ambassador) Welcoming Sponsored by Impello.	impello® making horticulture better
	Time	Duration	AY 2: WEDNESDAY, APR Theme of the sessions and Topics Challenges and Need of BioAg-	Speakers Session 1 Sponsored by
	8:15am -10:15am	120	Connecting the dots with Food Chain, Sustainability, Farmers to Consumers, Food Safety and Food Security, and reduction of Carbon foot print and Carbon	GENERALITAT VALENCIANA
_	8:15am-8:25am	10	Opening of the conference, Setting the expectations and Introductions	Session Chair - Roger Tripathi, Pam Marrone and Authority's Representative
SSION	8:25am-8:45am 8:45am-09:05am	20	Ensuring sustainable production of Fruits and Vegetables through ICM Innovation keeping both farmers and consumers in focus  Sustainability Practiced at all Levels	Kamel Beliazi, Head of Crop Strategy Fruits and Vegetables Bayer  COP 26 speaker
SES	09:05am-9:45am	40	Major Global Companies: what are their tangible ICM goals and successes, roadmap for lower residue sustainable food supply chain	UPL-NPP: Fabio Torretta, Global Head (Panel Chair 2. Bayer: Protasio Rodriguez, Cluster Lead Med 3. BASF: Andy Beadle, Independent Global Sustainability Leader 4. Kimitec: Roula Saliba, VP Sales
	9:45am-10:05am	20	Practicing Sustainability in True Sense: Carbon neutrality corporate emission of COP26 or UN sustainability goals in practice	5. Lainco: Francesc Llaurado, Joint Administrator Andy Beadle, Independent Global Sustainability Leader, BASF
	10:05am-10:15am 10:15am-11:00am	10 45	Wrap Up and Take home Messages  Coffee Break in the BAW Plaza sponsored by: IQV	Session Chair - Roger Tripathi
			Biostimulant Innovations in relation to	matholding group  Session 2 Sponsored by
	11:00am-1:00pm	120	Nutrient use efficiency, abiotic stress management	3iorizon biotech
	11:00am-11:10am 11:10am-11:20am	10	Setting the expectations and Introductions  The most effective chelating silicon nutrient	Session Chair, Dr. Giuseppe Colla Kathy Waymon, Herbal Green Biosciences, Myanmar
	11:20am-11:30am 11:30am-11:40am	10 10	Biostimulation performance: why be less when you can Biimore?  Multifunctional carrier fluid for enhanced	Camila Levy, Global R&D Manager, Tradecorp International, Spain  Daniela Kruse, Director-New markets, Evonik
7	11:40am-11:50am	10	Research and analysis on the difference of functions of protein hydrolysates  (Polypeptides)	Operations GmbH, Germany  Mr. Juan Antonio, CEO, TBIO Crop Sc, Spain
<b>ESSION 2</b>	11:50am-12:00pm	10	(Polypeptides)  Evaluation of biostimulants in soilless glasshouse commercial tomato cultures.	Francois Lefort, Prof Hepia, Switzerland
SES	12:00pm-12:10pm 12:10pm-12:20pm	10	Naturally occurring signal molecules, a new generation of plant biostimulants  Peptide-based chelates: the power of synergistic action between biostimulant	Juan Carlos Cabrera, Fyteko, Belgium  Romain Hanrion and Helene Reynaud, R&D Director, Hello Nature, USA
	12:20pm-12:30pm	10	substances and micronutrients  FerrEau, a natural iron chelate. This natural iron micronutrient contains iron minerals that are naturally chelated by fulvic acids during	Pius Floris, Plant Health Care and Martijn Olde Weghuis, BDM, Vitens, Netherlands
	12:30pm-12:40pm	10	countless decades  Enzymatic hydrolysed L-α-amino acid based biostimulant to overcome herbicide stress on extensive crops.	Nuria Sierras , R&D Head Plant Health, Biolberica Spain
	12:40pm-12:50pm	10	Development of a biostimulant based on PGP bacteria associated with a mycorrhizal inoculum	Gorka Erice, Technical Director, Atens, Spain
	12:50pm-1:00pm	10	Wrap Up and Take home Messages  Lunch in the BAW Plaza sponsored	Session Chair - Dr Giusepe Cola
	1:00pm-2:15pm	75	by Masso Agro Department	MASSÓ AGRO DEPARTMENT Session 3 Sponsored by
	2:15pm to 3:45pm	90	Biopesticides in relation to comparable and optimal level of efficacy as sustainable alternative for chemicals	LAINCO
	2:15pm-2:20pm	5	Setting the expectations and Introductions  Importance of micro-organisms in crop protection and EU Regulations concerning	Session Chair- Pam Marrone  Keynote: Domenico Deserio, Policy Officer Pesticides, European Commission Directorate,
?? ~	2:20pm-2:40pm 2:40pm-2:50pm	20	the approval of micro-organisms used in biopesticides as alternative to chemical substances  Development of novel biological treatment for palms against the Red Palm Weevil (RPW)	General for Health and Food Safety  Dror Shalitin, Plant Arc Bio, Israel
ESSION	2:50pm-3:00pm	10	Use of the novel peptide VismaxTM to combat and overcome difficult to control diseases, including Citrus Greening in Florida	Brian Thompson, Elemental Enzymes, USA
SE	3:00pm-3:10pm 3:10pm-3:20pm	10	citrus groves.  IPM against Fall Army Worm in Maize  Control of D. suzukii Using Sterile Insect	Johann Fournil, M2i, France Glen Slade, BigSis, UK
	3:20pm-3:30pm	10	Technique Beats Chemicals  Nature Inspired Innovations for Plant Health	Vanessa Garrido, National Marketing Director, Seipasa, Spain
	3:30pm-3:40pm 3:40pm-3:45pm	10	Volatile, but not Uncertain: The Use of Methyl Dihydrojasmonate as an Effective Next-Gen Biofungicide  Wrap Up and Take home Messages	Michael C Key, Impello, USA  Session Chair: Pam Marrone
	3:45pm-4:30pm	45	Coffee Break in the BAW Plaza sponsored by Futureco	FUTURECO
	4:30pm-6:00pm	90	Nano Technology, Digital & Data platform, Application technology, Precision Ag, Managing Plant & Soil Microbiome in	Session 4 Sponsored by  GREEN UNIVERSE
	4:30pm-4:40pm	10	relation to BioAg  Setting the expectations and Introductions	AGROGROUP BOOSTING SUSTAINABLE AGRO-PRODUCTION  Session Chair: Beatriz Ramos / Javier Gutierrez, San Pablo CEU, Spain
4	4:40pm-5:00pm	20	What is full service offering to the farm? As the ag business becomes digitized, how are we combining safe bioag? What and how	Keynote by Karel Bolckmans, CTO, BioBest, Belgium
SESSION 4	5:00pm-5:10pm	10	data anlytics will deliver real value to farmers, manufacturers, distributors and retailers  Microbiome data fuels crop and biological product viability	Alberto Acedo CSO Biome Makers and Dr. Denise Manker, Distinguished Fellow, Bayer Biologicals
S	5:10pm-5:20pm	10	Root Applied Sciences' Airborne Pathogen Monitoring: Confidence to Spray Only When Necessary	Sarah Placella, CEO, Root Applied Science, USA
	5:20pm-5:55pm	35	Why, How and What makes these technologies a must for making adoption and usage of BioAg products at farmer level (Q&A follows)	Aquayield: Clark Bell CEO (Panel Chair)     Biorizon: Lucas González, Business Dev.     Director     Joyn Bio: Joe Schmidt, SVP, Strategy and Business Dev CQ     Masso: Abel Zaragoza, Market Research
	5:55pm-6:00pm	5	Wrap Up and Take Home Messages	Semios: Susan Nijsing, Business Partnership Specialist  Session Chair: Beatriz Ramos, San Pablo CEU
	6:00pm-7:00pm 7:00pm-9:00pm	120	Sustainability Hour Hello Nature  Networking Cocktail Sponsored by Hello Nature at the BAW Plaza	Hello NATURE
! 			DAY 3: THURSDAY, APRI	
	Time	Duration	Theme of the sessions and Topics  Soil and Seed Health, Water Efficiency Management and Regenerative Ag,	Sessions will Include Session 5 Sponsored by
	8:15am-10:15am	120	Fertilizer related Challenges: is inclusive inclusive approach with BioAg Products is the answer?	CROP SCIENCE  Session Chair: Dr. Venkatesh, CEO/Founder,
,	8:15am-8:25am 8:25am-8:50am	10 25	Setting the Expectations and Introductions  Meeting Crop Soil Nitrogen Needs through Microbs	AgriLife  Kevin Ashford, Tech Dev Lead, Soil Health, NPP-UPL
SESSION 5	8:50am-9:35am	45	Biggies to talk about tangible sustainable soil health initiatives with succesful examples	Alltech: Mauro Lopes, European Business Dev (Panel Chair)     COMPO EXPERT, Panos Chamakiotis, Managing Director, EMEA     Fertinagro Biotech: Hamdi Eljendoubi, International Technical Manager     Mosaic: Kim Nicholson, VP, AgTech and Innovation, Strategy and Growth      OCP: Ma. Narijsea Mahmoudi, Hoad of OCP.
	9:35am-9:45am	10	Seed treatment is an efficient and cost- effective way to provide plant biostimulants	5. OCP: Ms. Narjisse Mahmoudi, Head of OCP Group Business Unit, Biotech  Mariateresa Cardarelli, Researcher, University of Tuscia, Italy
	9:45am-9:55am	10	Isolation, Evaluation and Formulation of Selected Microbial Consortia for Sustainable Agriculture  The hope of Pandora: biofertilizers as multi-	Dominic Arun Joseph, Director, Varsha BioScience India Cristina Cruz, Professor-Plant Biology, Trichodex,
	9:55am-10:05am 10:05am-10:15am	10	acting and signaling network modulating agents  Wrap Up and Take home Messages	Portugal  Session Chair: Dr. Venkatesh, CEO/Founder, AgriLife
	10:15am-11:00am	45	Coffee Break 3 in the BAW Plaza sponsored by Compo Expert	COMPO EXPERT。
	11:00am-1:00pm	120	Regulatory Streamlining & Harmonization in BioAg- Need Globally Local	Session 6 Sponsored by  NOLTDEGUST  Productes de Qualitat Diferenciado i Ecológico de la Comunitat Valenciana
	11:00am-11:15am	15	Setting the expectations and Introductions & BPIA regulatory update  Overview of AEFA initiatives, Spanish BioAg	Session Chair - Terry Stone Corteva, also representing BPIA  Juan Pardos President AEFA & Camino Garcia,
9	11:15am-11:30am 11:30am-11:40am	15	Industry and Spanish Regulation  Biopesticides Regulation update for EMEA  Biopesticides Regulation and new initiatives	Secretary AEFA  Jennifer Lewis IBMA Executive President  Crop Life Brazil: Julia Emanuela
ESSION	11:40am-11:50am 11:50am-12:00pm	10	in Brazil Bioproducts Regulation Overview in Asia	Piyatida (Tung) Pukclai, APAC Lead, Knoell
SES	12:00pm-12:10pm 12:10pm-12:30pm	10	Biostimulant Regulation and new standards initiative in Europe  Bioproducts Regulation Overview and Nano Agri input regulatory complexity in India	Europe Biostimulant Regulation: Jose Carvalho, independent regulatory expert, Certis Bio  BIPA & BASAI: Dr KRK Reddy, President BIPA and Vipin Saini, CEO, BASAI

	12:10pm-12:20pm	10	substances and micronutrients	Director, Hello Nature, USA
	12:20pm-12:30pm	10	FerrEau, a natural iron chelate. This natural iron micronutrient contains iron minerals that	Pius Floris, Plant Health Care and Martijn Olde Weghuis, BDM, Vitens, Netherlands
	12.20pm 12.00pm	10	are naturally chelated by fulvic acids during countless decades	N : C' DAD II IBI III B' II :
	12:30pm-12:40pm	10	Enzymatic hydrolysed L-α-amino acid based biostimulant to overcome herbicide stress on extensive crops.	Nuria Sierras , R&D Head Plant Health, Biolberica Spain
	12:40pm-12:50pm	10	Development of a biostimulant based on PGP bacteria associated with a mycorrhizal	Gorka Erice, Technical Director, Atens, Spain
	12:50pm-1:00pm	10	inoculum  Wrap Up and Take home Messages	Session Chair - Dr Giusepe Cola
	1:00pm-2:15pm	75	Lunch in the BAW Plaza sponsored	
	1.00рш-2.10рш	75	by Masso Agro Department	AGRO DEPARTMENT
	2:15pm to 3:45pm	90	Biopesticides in relation to comparable and optimal level of efficacy as sustainable alternative for chemicals	Session 3 Sponsored by
	2:15pm-2:20pm	5	Setting the expectations and Introductions	Session Chair- Pam Marrone
	2:20pm-2:40pm	20	Importance of micro-organisms in crop protection and EU Regulations concerning the approval of micro-organisms used in biopesticides as alternative to chemical	Keynote: Domenico Deserio, Policy Officer Pesticides, European Commission Directorate, General for Health and Food Safety
დ 	2:40pm-2:50pm	10	Development of novel biological treatment for palms against the Red Palm Weevil (RPW)	Dror Shalitin, Plant Arc Bio, Israel
SESSION	2:50pm-3:00pm	10	using RNAi  Use of the novel peptide VismaxTM to combat and overcome difficult to control diseases, including Citrus Greening in Florida	Brian Thompson, Elemental Enzymes, USA
SE	3:00pm-3:10pm	10	citrus groves.  IPM against Fall Army Worm in Maize	Johann Fournil, M2i, France
	3:10pm-3:20pm	10	Control of D. suzukii Using Sterile Insect Technique Beats Chemicals	Glen Slade, BigSis, UK
	3:20pm-3:30pm	10	Nature Inspired Innovations for Plant Health	Vanessa Garrido, National Marketing Director, Seipasa, Spain
	3:30pm-3:40pm	10	Volatile, but not Uncertain: The Use of Methyl Dihydrojasmonate as an Effective Next-Gen Biofungicide	Michael C Key, Impello, USA
	3:40pm-3:45pm	5	Wrap Up and Take home Messages	Session Chair: Pam Marrone
	3:45pm-4:30pm	45	Coffee Break in the BAW Plaza sponsored by Futureco	BIOSCIENCE  Session 4 Sponsored by
	4:30pm-6:00pm	90	Nano Technology, Digital & Data platform, Application technology, Precision Ag, Managing Plant & Soil Microbiome in relation to BioAg	GREEN UNIVERSE SOUP BOOSTING SUSTAINABLE AGRO-PRODUCTION
	4:30pm-4:40pm	10	Setting the expectations and Introductions  What is full service offering to the farm? As	Session Chair: Beatriz Ramos / Javier Gutierrez, San Pablo CEU, Spain  Keynote by Karel Bolckmans, CTO, BioBest,
10N 4	4:40pm-5:00pm	20	the ag business becomes digitized, how are we combining safe bioag? What and how data anlytics will deliver real value to farmers, manufacturers, distributors and retailers	Belgium
SESSION	5:00pm-5:10pm	10	Microbiome data fuels crop and biological product viability  Root Applied Sciences' Airborne Pathogen	Alberto Acedo CSO Biome Makers and Dr. Denise Manker, Distinguished Fellow, Bayer Biologicals Sarah Placella, CEO, Root Applied Science, USA
S	5:10pm-5:20pm	10	Monitoring: Confidence to Spray Only When Necessary	Saran Placella, CEO, Root Applied Science, USA
	5:20pm-5:55pm	35	Why, How and What makes these technologies a must for making adoption and usage of BioAg products at farmer level (Q&A follows)	Aquayield: Clark Bell CEO (Panel Chair)     Biorizon: Lucas González, Business Dev.     Director     Joyn Bio: Joe Schmidt, SVP, Strategy and Business Dev CQ     Masso: Abel Zaragoza, Market Research     Semios: Susan Nijsing, Business Partnership Specialist
	5:55pm-6:00pm	5	Wrap Up and Take Home Messages	Session Chair: Beatriz Ramos, San Pablo CEU
	6:00pm-7:00pm	60	Sustainability Hour Hello Nature  Networking Cocktail	Hell NATURE
	7:00pm-9:00pm	120	Sponsored by Hello Nature at the BAW Plaza	NATURE
			DAY 3: THURSDAY, APRI	L 28, 2022
	Time	Duration	Theme of the sessions and Topics	Sessions will Include
			Soil and Seed Health, Water Efficiency	Session 5 Sponsored by
	8:15am-10:15am	120	Soil and Seed Health, Water Efficiency Management and Regenerative Ag, Fertilizer related Challenges: is inclusive inclusive approach with BioAg Products is the answer?	Session 5 Sponsored by  Vitech  CROP SCIENCE
	8:15am-10:15am 8:15am-8:25am	<b>120</b>	Management and Regenerative Ag, Fertilizer related Challenges: is inclusive inclusive approach with BioAg Products is the answer?  Setting the Expectations and Introductions	CROP SCIENCE  Session Chair: Dr. Venkatesh, CEO/Founder, AgriLife
5			Management and Regenerative Ag, Fertilizer related Challenges: is inclusive inclusive approach with BioAg Products is the answer?	Session Chair: Dr. Venkatesh, CEO/Founder, AgriLife Kevin Ashford, Tech Dev Lead, Soil Health, NPP-UPL
SESSION 5	8:15am-8:25am	10	Management and Regenerative Ag, Fertilizer related Challenges: is inclusive inclusive approach with BioAg Products is the answer?  Setting the Expectations and Introductions Meeting Crop Soil Nitrogen Needs through	Session Chair: Dr. Venkatesh, CEO/Founder, AgriLife  Kevin Ashford, Tech Dev Lead, Soil Health, NPP-UPL  1. Alltech: Mauro Lopes, European Business Dev (Panel Chair) 2. COMPO EXPERT, Panos Chamakiotis, Managing Director, EMEA 3. Fertinagro Biotech: Hamdi Eljendoubi, International Technical Manager 4. Mosaic: Kim Nicholson, VP, AgTech and Innovation, Strategy and Growth 5. OCP: Ms. Narjisse Mahmoudi, Head of OCP
ESSION	8:15am-8:25am 8:25am-8:50am	10 25	Management and Regenerative Ag, Fertilizer related Challenges: is inclusive inclusive approach with BioAg Products is the answer?
